Hunter – Increase in River Flows

Environmental Flow Event

4 June 2020

The environmental flow event (EWA) in Hunter is planned to commence on 5th June 2020 and likely to continue to end of June. A total of up to 10,000 ML is expected to be delivered over and above the extractive water orders.

Customers in the Hunter river are advised that there will be increase in flow rates compared to this time in previous years.

WaterNSW is reminding Hunter Water Users that in order to extract water an order needs to be placed using one of the following options.

- Accessing [www.waternsw.com.au](http://www.waternsw.com.au) and logging onto your iWAS account
- Faxing your order to 1300 871 447
- Emailing your order to [customer.helpdesk@waternsw.com.au](mailto:customer.helpdesk@waternsw.com.au)

Water order forms are available from the WaterNSW web site.
