

## Border Rivers – Pindari Dam Stimulus flow releases

30 September 2020

WaterNSW advises customers in the Border Rivers that the Pindari Dam stimulus release has been requested by the Department of Planning Industry and Environment to commence 1 October 2020.

A total of 4,400ML is planned to be released from Pindari dam throughout October 2020.

Water is protected from take from Pindari Dam to the Frazer's Creek junction. Customers and landholders wishing to extract water between Pindari Dam and Frazer's creek junction, including take for Basic Landholder rights are requested to place water orders or notify WaterNSW as soon as possible.

Customers downstream of Frazer's creek may place water orders as per normal operations.

WaterNSW thanks customers for their continued support throughout this difficult and extremely dry period.
