

Supplementary notice

SUPPLEMENTARY WATER ACCESS FOR MURRAY

10 August 2020

Department of Planning, Industry & Environment - Water has issued an extension of access to supplementary water for the Murray River systems. There has been a limited inflow response to rainfall over the weekend. The MDBA has observed a decrease in losses alongside an improvement in the level of Lake Victoria. Due to these improvements, unregulated flows are available only in the Wentworth to South Australia reach for the coming week. There is further rainfall forecast for the coming week across the Upper Murray, Kiewa, Ovens and Goulburn catchments.

In addition, all regulated river (general security) access licence holders may take water during this period of supplementary flows, if the uncontrolled flow (UCF) limits of their accounts permit. Licence holders are reminded that all diversions count towards the annual usage limit of 100% of entitlement (excludes trades into accounts).

Customers wishing to access supplementary water / uncontrolled flow must provide a START meter reading and place a complying water order using one of the following options:

- Accessing [WaterNSW website](#) and registering or logging on to your *iWAS* account.
- Faxing your order to **1300 871 447**
- Emailing your order to south.orders@waternsw.com.au
- Telephoning your order to **1300 662 077** During business hours

[Water order forms](#) are available from the WaterNSW web site.

Customers are reminded that with the conclusion of supplementary access an END meter reading must be provided, and as regulated flow conditions would resume water orders must be placed in accordance with their licence conditions.

WaterNSW will continue to monitor the situation closely and further advice will be issued, only if required, on or before Monday 17 August 2020.

For further information contact the Operations Officer, WaterNSW Southern Valleys on 1300 662 077 during business hours.

(See page 2 for details of supplementary availability).

Page 1 of 2

The periods for access to supplementary water are as follows:

Section	Start 8:00am	Finish 8:00am
Murray River		
Hume Dam to Yarrawonga Weir		Not Available
Yarrawonga Weir to Barmah		Not Available
Barmah Bridge to Torrumbarry Weir		Not Available
Torrumbarry Weir to Barham		Not Available
Barham to Swan Hill		Not Available
Swan Hill to Murrumbidgee Junction		Not Available
Murrumbidgee Junction to Wentworth (Includes Darling Weir Pool)		Not Available
Wentworth Weir to South Australian Border	27 June 2020	18 August 2020 #
