

Protection of the Environment Operations (POEO) Public Register

The Minister appointed Water NSW as the Regulatory Authority for the purposes of section 61 of the *Water NSW Act 2014* to exercise regulatory functions.

Clause 8 of the Water NSW Regulation 2013 requires Water NSW as the Regulatory Authority to maintain a register that details each environment protection notice given by the Regulatory Authority, under the *Protection of the Environment Operations (POEO) Act 1997*. This public register is to be made available on the Water NSW internet site.

The public register provides details of each environment protection notice issued by Water NSW as the Regulatory Authority, and the Sydney Catchment Authority before its abolition on 31 December 2014.

From 1 January 2015, the Sydney Catchment Authority (SCA) joined with State Water to form Water NSW, a single organisation responsible for managing bulk water supply across the state of New South Wales.
