

CI 244 pause BLR water take form

To help water users meet their obligations under Clause 244 of the Water Management (General) Regulation 2018, you must submit this form to let us know that you do not intend to take water for basic landholder rights (BLR), through a licensed work, for a specified period during the water year (July to June). This will remove your requirement to report your monthly BLR take. You can only submit this form once during the water year.

If you later decide to take water for BLR during this period, you must tell us and will need to report your BLR take each month until the end of the water year, even when the BLR take is zero.
