Passport activities

Collect your stamps at the following locations to claim a prize:

Water wall of thanks – leave your message of thanks to the dam workers

Mini science lab – learn about water chemistry

Water cycle – make your own water cycle chart

Draw the dam – try your hand at drawing the dam

WaterAid – learn about the struggle for clean water in the developing world

Foundation of flags – try your luck at naming the flags

Mini zoo – see the local wildlife in action

More passport activities as well as rides, stalls and food can be found at Dam Fest, just outside the dam precinct.
