

Secured interest registration by holders of replacement water access licences

If there was a registered mortgage* in the land benefited by a 'prior' Water Act 1912 licence granted before issue of a replacement water access licence (WAL), you will not be able to register dealings in the replacement water access licence until the holder(s) of that mortgage has had the opportunity to have that interest(s) registered against the replacement WAL(s).

* registered on the Land Titles Register (managed under the Real Property Act 1900).

Use this form to:

- provide registered interest holders with an opportunity to register their interest against the replacement WAL.
- initiate issue of the Water Access Licence Certificate where all parties nominate the certificate holder.

You are advised to read the *Guide to secured interest registration by holders of replacement water access licence* before filling in this form. No fee applies for registration of secured interests.

You can either complete this form by typing in the PDF or writing using a black/blue ink pen using BLOCK letters.
