

# Supplementary notice

## SUPPLEMENTARY WATER ACCESS FOR MURRAY

18 August 2020

*Department of Planning, Industry & Environment - Water* has issued an extension of access to supplementary water for the Murray River systems. Tributary inflows have started to respond well following recent rainfall. In particular, the additional tributary inflow from the Goulburn River has sufficiently boosted mid-Murray flows and recommence access to unregulated flows in the river reaches upstream to Barmah to Torrumbarry.

In addition, all regulated river (general security) access licence holders may take water during this period of supplementary flows, if the uncontrolled flow (UCF) limits of their accounts permit. Licence holders are reminded that all diversions count towards the annual usage limit of 100% of entitlement (excludes trades into accounts).

Customers wishing to access supplementary water / uncontrolled flow must provide a START meter reading and place a complying water order using one of the following options:

- Accessing [WaterNSW website](#) and registering or logging on to your *iWAS* account.
- Faxing your order to **1300 871 447**
- Emailing your order to [south.orders@waternsw.com.au](mailto:south.orders@waternsw.com.au)
- Telephoning your order to **1300 662 077** During business hours

[Water order forms](#) are available from the WaterNSW web site.

Customers are reminded that with the conclusion of supplementary access an END meter reading must be provided, and as regulated flow conditions would resume water orders must be placed in accordance with their licence conditions.

WaterNSW will continue to monitor the situation closely and further advice will be issued, only if required, on or before Friday 21 August 2020.

For further information contact the Operations Officer, WaterNSW Southern Valleys on 1300 662 077 during business hours.

*(See page 2 for details of supplementary availability).*

*Page 1 of 2*

The periods for access to supplementary water are as follows:

<b>Section</b>	<b>Start 8:00am</b>	<b>Finish 8:00am</b>
<b>Murray River</b>		
Hume Dam to Yarrawonga Weir		Not Available
Yarrawonga Weir to Barmah		Not Available
Barmah Bridge to Torrumbarry Weir	18 August 2020	21 August 2020#
Torrumbarry Weir to Barham	18 August 2020	21 August 2020#
Barham to Swan Hill	18 August 2020	21 August 2020*
