

# Supplementary notice

5 February 2019

## Supplementary/ Uncontrolled flow access for Bega /Brogo Regulated River

Flows in the Bega Brogo system have reached levels that will cease access to Uncontrolled flows from 9 am Tuesday 5<sup>th</sup> February 2019. The following table summarizes current access to flows.

River Section	Uncontrolled flow access	Supplementary water access licence access
1A Brogo Dam to North Brogo	No	No
1B Brogo River from North Brogo to Angledale	No	No
1C Brogo River from Angledale to Bega River Junction	No	No
2 Bega River	No	No

To ensure that diverted water is debited against the appropriate water account, customers are reminded to advise the water order service or iWAS (internet water accounting) of meter readings at the start and end of supplementary events.

Customers can send meter readings by:

- Accessing [waternsw.com.au](http://waternsw.com.au) and logging into your iWAS account.
- Emailing [Central.Orders@waternsw.com.au](mailto:Central.Orders@waternsw.com.au).

Water order forms are available from the [WaterNSW website](http://WaterNSW website).

At the completion of pumping supplementary water, the finish meter reading must be notified to WaterNSW using one of the above options. Failure to supply the finish reading will result in any water extracted during the event being debited to general security accounts.

For water enquiries contact Senior Planner/Operator, Martin Prendergast on (02) 6763 3902.

A full list of supplementary notices can be found on the [WaterNSW website](http://WaterNSW website).
