

## Register a security interest in a replacement water access licence, or notify that no security interest exists (initiated by interest holder)

**Part A** of this form should be used if a security interest holder (e.g. a mortgagee, or financier) wishes to register a security interest in a water access licence pursuant to clause 19 of Schedule 10 of the *Water Management Act 2000*. It applies if there was a registered mortgage in the land benefited by a 'prior' *Water Act 1912* licence granted before issue of a replacement water access licence (WAL).

For registration of new security interests, use the Mortgage of mortgage or charge form (Form W-05SM) available on the [NSW Land Registry Services](#) (NSW LRS) website, under Forms > WAL dealings forms.

Before an interest can be registered, a security interest holder must notify the relevant licence holder in writing of their intention to request registration of the interest, and allow 90 days to lapse. The written notification is to be in a form approved by WaterNSW - a template letter is available from the WaterNSW website.

**Part B** of this form is to be used by the holder of an interest in land (e.g. a mortgagee) to which the *Water Act 1912* entitlement related to notify that there was NO interest in that entitlement and therefore no security interest that can be registered pursuant to clause 19 of Schedule 10 of the *Water Management Act 2000*.

### What you need to do
